

Save time AND keep your customers happy with our e-business solutions

Customized e-business solutions that can help your business grow.

Harness the power of the Internet to help your business run smoothly and more efficiently. That's what QSS offers you with our customized and cost-effective web-interface solutions. We provide you with a security-controlled, e-business solution that can:

- Reduce operation costs
- Automate and streamline your business operations
- Improve customer support
- Provide customer transaction interfaces
- Simplify and standardize business rules and operations

QSS can give you the best possible e-business solutions that will help you save time and improve customer service.

Our solutions provide:

- XML technology
- Industry-specific solutions
- Purchase order entry and updates
- Product availability
- RFQ (Request for Quotes)
- RMA (Returned Material Authorizations / warranty orders)
- Customer account maintenance
- Efficient product searches
- Flexible pricing catalogs
- CAD (Computer Aided Drawings) viewing

You'll be amazed at how we can help your organization grow.

QSS is the one that makes your business the center of attention.

Finally, a company that designs customized solutions around YOU...your organization, your needs, your way of doing business. That company is QSS.
